

# “Brain Science in Education”

Discover the Power of Brain Plasticity & Neuroscience-based Learning in Education to develop students' learning capacity and reading ability.

**Featuring International Key Note Speaker Dr Martha Burns**

March 2012 – Sydney, Melbourne & Auckland

Don't miss this unique opportunity to hear Dr Martha Burns, one of North America's leading experts in the application of neuroscience to learning and reading difficulties.

Dr Burns serves on the Faculty at Northwestern University, Department of Communication Sciences and Disorders and on the medical staff of Evanston Northwestern University Hospital in Illinois, USA. She taught in Chicago Public Schools and has consulted with school districts across the USA.

Dr Burns has published widely on the neurological foundations of language and reading disorders and is a frequent speaker at international conferences. She has been a practicing speech language pathologist for over 40 years.
