I love the Original Diva Plaited headband! Its so easy to use the elastic bottom makes it comfortable to wear for long periods. I have had a lot of fun trying different styles using the braid and I just secure it with a few bobby pins and it stays put.

The new [Plaited Headband by Original Diva](#) is an affordable option for getting that great braided headband look without all the work. The lightweight [hair](#) accessory is made with heat resistant synthetic hair and is available in 4 different colors: brown, light brown, dark red brown and light blond.
